- 16 -25 May - Euroclass from Denmark is making their yearly evangelistic outreach in northern Thailand. Pray for anointing in their creative evangelistic meetings.
- Six new children will be coming in to CCO. Pray the power of God to manifest and touch their lives.

**Suwanna Paepack, who has been at Care Corner since the age of 12...**

She first came to live at the Care Corner Orphanage in March, 1999. She was very reluctant at first, and she tried running away. Somehow along the way, the Lord touched her life. She is presently the student president of CCO children. She is now studying in College at Chiangmai's Rajapet University.

She is very cheerful, and she enjoys taking care of the younger kids. Her present contribution to CCO's ministry are in intercession, worship leading &

caregiver to the younger children.

Suwanna will graduate from college in two years and enter the Thai workforce. Care Corner, thru the generous help of individual sponsors and donors, has fully supported and cared for all her needs since she joined us seven years ago.

To prepare Suwanna this carefully – from a youth to a godly and skilled young woman, costs far beyond the traditional sponsorship of \$1 US per day. And as you with parents know, the older a child gets, the greater their life expenses become.....

So, more partners are needed to help sponsor children. This means a larger number of people can participate in the eternal blessing of God that will surely come from equipping these young lives to impact Thailand for God's glory.

### **Sponsorship of a child helps covers costs like:**

- Food & Lodging
- Medical expenses
- Schooling expenses
- Daily allowance for school
- Clothing
- Transportation costs
- Recreation

### ***What will be the future for a small boy like Grywit Laoyipa....?***

Grywit comes from Mae Hong Son (western Thailand). He is from a Lisu tribe. His parents have both died of HIV/AIDS related diseases. His uncle took care of him for awhile before he came to Care Corner Orphanage in April, 2005. He is 8 years old, and presently he is studying in primary two at the public school next door to CCO. He is doing well in his studies, and he loves to play soccer.

### **MAKING DISCIPLES IN TODAY'S THAILAND IS AN INCREASINGLY VALUABLE AND INCREASINGLY DEMANDING WORK**

Grywit & Friends

Many of those living at Care Corner are originally from rural or tribal areas. But like many places around the globe, today's Thailand is experiencing rapid urbanization and industrialization. Thailand is fast becoming a member of the 'global village' of today's world.

Suvanna & and younger girls

Care Corner is situated just 30 minutes drive from the second largest and number one fastest growing urban area in Thailand: Chiang Mai... whose population is now well over ONE MILLION PEOPLE and growing daily. And the modern urban Thailand is rapidly surrounding the once remote Care Corner Orphanage location.

We seek to equip these precious children for a life of impact in the rapidly urbanizing Thai culture. We are trusting God to intentionally raise these children in such a way that they will have the skills and spiritual strength to transform a nation for God's glory as they live wise and godly lives in the new "urban jungle."

Kuk, Our Young Evangelist

As future members of the Thai workforce, we must prepare these children to thrive in an increasingly complex and technologically modern culture. This means more of many things, including more rigorous education.

Raising young disciples in a rapidly urbanizing setting and preparing them for adulthood in this new environment incurs more expense than similar homes in a previous generation that were located in remote rural and tribal settings.

So, in the midst of that pursuit, we currently need more sponsors to help support the children and young people who live here.
