*God is raising up ministry workers from among our children!*

## PRAYER POINTS

- Children's end of school term exams in early October.
- Children's health especially during the heavy raining season. The rain is expected to stop in October.
- Possible intake of new children for CCO in the second school term.
- Wisdom & anointing by the Holy Spirit upon the staff in serving effectively amongst the children at CCO.
- Preparation for October school holidays outreach to village by CCO children & staff.

With just over 10 years of working toward that calling from God, we are praising Him! We are now seeing the fruits of His work among us... and we now have many examples of His work in making the vision come true.

One such example is current Care Corner staff member **Awopha Sichan**.

Awopha came to Care Corner Orphanage later than most kids do: at about 15 years old. He is one of eight children and both of his parents were drug addicts. Can you imagine what home was like with 8 children and parents who were drug addicts? The eight kids were basically abandoned to raise themselves.

In a recent interview, Awopha described his life-changing experience at Care Corner this way,

**"I wanted to run away when I first came to CCO, but somehow God kept me back. The Lord has been really good to me since I gave my life to him while at CCO. He gave me a home and a big family. When I look at my friends from my**

**The vision of Care Corner Orphanage has always been this: to develop and care for Thai orphans in such a way as to raise up godly men and women who will powerfully impact Thailand for Jesus Christ.**

**home village, I wonder what my life would be if not for the grace of God. Most of my peers and friends in my village where I come from are either drugs users, drug pushers or in prison. By the grace of God, I am serving Him at CCO.**

**I really enjoy working with children and teaching them about Jesus. I do get discouraged at times, but each time that happened, I seek the Lord for help and He comes alongside and guides me through. The Lord is My Provider of all my needs so that I seem to lack nothing! My parents are still alive, and I am supporting them financially for their basic needs. And thank God that the Lord has now delivered them from drug addiction!"**

Awopha is now 25 years old. He is a valuable member of the CCO family with a primary current responsibility as the Program Coordinator. His is a big job as he keeps kids on their busy daily schedules of school, studies, Christian discipleship and daily chores around the orphanage. He is almost like a school supervisor or school principal... and he is uniquely equipped for his work. Awopha is particularly gifted by the Lord with good interpersonal relationship skills. He is also uniquely equipped to understanding these kids. He grew up in the orphanage and so understands them like no other...

***What are the future plans of this bright young man of God?***

***"If God is willing, I plan to continue my studies in English and in a Bible School. I hope some day the Lord would let me start my own home for children. I would encourage everyone to seek the Lord for everything without doubting. He will answer your prayers. May the Lord bless you!"***

Though Awopha is mildly handicapped from birth and so has always walked with a slight limp, God's calling and work in his life has given him a big vision for his future. He has acknowledged his physical limitations as God's work in directing his life and is faithfully moving forward in faith to seek the Lord's plans for his life.

**Let us continue to pray for him and seek God for how He would have us support this sharp young servant of His!**
